

SANTA & COLE

Canada Price List 2025

Dear friends,

The new Santa & Cole Price list will come into force on January 1st 2025. All new catalogue entries are highlighted in the contents page to make them easier to find.

On our website you will find updated material about our products, from technical information to our image library. Also the possibilities of adapting our lamps to meet the needs of your projects.

Santa & Cole reserves the right to change prices in this price list without prior notice.

Our team is available for any queries you may have. Please call us at +1 (646) 239 7197 or email us at newyork@santacole.com

Classification and regulations

EC Regulations

CE

This marking on products in this catalogue indicates that they have been designed and produced in accordance with relevant applicable European directives and regulations. It is a guarantee of health and safety and the right to market these products freely in the Member States of the European Union, as proven by the corresponding CE declaration of conformity.

The main directives of the European Parliament and of the Council applied are:

- Directive 2014/35/UE, de 26 de February de 2014 (relating to electrical equipment designed for use within certain voltage limits).
- Directive 2014/30/UE, de 26 de February de 2014 (relating to electromagnetic compatibility).

I.E.E. (Energy efficiency index)

Pursuant to EU Directive 2013/30/EU and Commission Delegated Regulation (EU) 874/2012 of 12 July 2012 with regard to the energy labelling of electrical lamps and luminaires, these must have an energy label. The label classifies lamps and luminaires according to seven energy efficiency categories, from the most efficient (A++) to the least efficient (E).

UL

The UL certification process of our products entails a review of the design, production, testing, development and supervision in the factory, with regard to compliance of the product with the national safety standards of the US and Canada.

CCC

The CCC certification of our products has been approved through the certification organizations designated by the RPC and includes an initial CB certification, subsequent testing in China including EMC tests, an initial factory audit, and annual follow-up inspections for the same products. The products subject to certification are listed in the "Catalog of Mandatory Product Certification."

Classification and regulations

Classification of luminaires

CE

· Luminaire classification according to protection against electrical shock:

CLASS I. In addition to being electrically insulated, these luminaires are also provided with an earthing point.

CLASS II. These luminaires have either double or reinforced insulation so that exposed metal parts cannot become live.

CLASS III. Protection against electrical shock relies on supply at Safety Extra-Low Voltage.

· Classification according to the flammability of the support surface:

According to current legislation, luminaires can be mounted on flammable or non-flammable surfaces. Luminaires that are suitable for mounting on non-flammable surfaces do not require a symbol. Luminaires that are not suitable for mounting on normally non-flammable surfaces require a symbol according to the type of luminaire (in accordance with Figure 1 of European Standard EN 60598-1).

· Classification according to conditions of use:

Luminaires must be classified according to their intended conditions of use. Luminaires for normal use do not require a symbol, whereas luminaires designed for use in severe conditions require a symbol (in accordance with Figure 1 of European Standard EN 60598-1).

UL

Our luminaires are classified according to UL standards regarding the maximum voltages and powers assigned to the luminaire: Class 2 and non-Class 2.

Classification and regulations

Ingress Protection Classification CE

The Ingress Protection system (IP) defines various degrees of protection against the ingress of foreign bodies and moisture. It is indicated by the IP prefix followed by two digits, the first of which identifies degree of protection against the ingress of solid particles and the second against the ingress of liquids (IEC 529- EN 60529).

First digit:

- IP 0** - No protection.
- IP 1** - Protected against solid objects > 50 mm.
- IP 2** - Protected against solid objects > 12 mm.
- IP 3** - Protected against solid objects > 2.5 mm.
- IP 4** - Protected against the solid objects of 1 mm.
- IP 5** - Protected against dust.
- IP 6** - Protected against dust (totally).

Second digit:

- IP - 0** No protection.
- IP - 1** Protected against water falling vertically.
- IP - 2** Protected against direct water drips up to 15° from vertical.
- IP - 3** Protected against direct sprays up to 60° from vertical.
- IP - 4** Protected against sprays from all directions
- IP - 5** Protected against low-pressure jets from all directions.
- IP - 6** Protected against high-pressure jets from all directions.
- IP - 7** Protected against immersion between 15 cm and 1 m.
- IP - 8** Protected against immersion under pressure.

Classification according to environmental location

Our luminaires are classified according to UL standards. There are three types of environmental location marking:

• Dry locations:

Intended for use in a location not normally subject to Dampness, but may include a location subject to temporary Dampness, as in the case of a building under construction, provided ventilation is adequate to prevent an accumulation of moisture is marked.

• Damp locations:

A Damp location is an exterior or interior location that is normally or periodically subject to condensation of moisture in, on, or adjacent to, electrical equipment, and includes partially protected locations.

• Wet locations:

A wet location is a location in which water or other liquids may drip, splash or flow on or against electrical equipment.

Company certificates

Santa & Cole is a socially responsible organisation and we comply with the laws and social standards of the countries in which we sell and manufacture our products. We continuously assess our practices to ensure they are sustainable, striking a balance between current economic, environmental and social needs without compromising the prospects of future generations. Santa & Cole is committed to respecting human rights and to fostering safe and healthy working conditions and green production practices, both in our own organisation and among our partners.

Quality Management System

ISO 9001 is the most widely recognised international standard to indicate the quality commitment of an entire company through its products or services, certified through an auditable system.

Environmental Management System

ISO 14001 is the international standard on environmental management devised to ensure a balance between the profitability and environmental impact mitigation of our activities.

General conditions of sale

All commercial relations between Santa & Cole Neoseries S.A. (hereinafter S&C), and its customers shall be governed by the following General Conditions of Sale, which shall govern the commercial sale and which shall be understood to be fully binding merely by placing an order with S&C.

Our acceptance of an order means, in any case, that the purchaser accepts the following general conditions of sale and supply.

S&C reserves the right not to sell to certain points of sale in accordance with its commercial policy and with the commercial agreements that it maintains with its registered distributors for each product line

For detailed knowledge of the same please CONSULT our Commercial Department.

1. ORDERS

1.1. For Catalogue Products

The orders must be made IN WRITING, either by ordinary mail, e-mail or fax.

The order should specify:

- Physical details of the purchaser.
- Code, quantity and valuation of the products requested, in accordance with the quotation received if appropriate.
- For upholstery products, reference of the fabric selected.

1.2. For Customized Products

The technical documentation necessary to allow the correct definition of the product should be added to the requirements of section 1, whether it is a question of special products, modifications of catalogue products or finishes other than standard.

Enquiries are always without commitment and, where appropriate, the offers are valid for 30 days.

48 hours after receipt of the order, THE CUSTOMER cannot cancel this order without the express written approval of S&C.

The delivery terms given by S&C are purely for informative purposes. Delays in delivery do not authorize the purchaser to cancel the order or to apply penalties or indemnities, unless expressly agreed otherwise in writing. Even in this case, if for reasons of force majeure, affecting either S&C or its suppliers, S&C cannot fulfil any of the commitments taken on, no sanction shall be applied.

1.3. Light sources

No discounts apply to light sources. Prices subject to standard rates.

2. CATALOGUE

The technical information provided by S&C on its products in relation to models, sizes, materials and characteristics is for GUIDANCE only and does not legally bind S&C to strictly comply with it and can be modified without prior notice.

3. PRICES

The sale prices are governed by the current Price List in force, which cancels any previous one and may be modified by S&C without prior notice. VAT (Value Added Tax) applicable in Spain (which is 4% on Books and 21% on the other products, except in the event of legal modification of the applicable rates) IS NOT INCLUDED in the prices indicated.

In any case the prices applied shall be those which appear on the pro forma invoice or on the order.

4. WARRANTY

The warranty for all S&C products is that established by law, in accordance with the legislation in force, for any defect attributable to the manufacture, provided that this defect does not arise from inadequate installation or use, in which case the warranty shall not apply. The warranty covers the replacement of the material and the carriage, and the expenses or special packaging which this replacement could generate shall be for the account of the customer.

For those products which S&C distributes but does not produce, the warranty covering the products delivered is limited to that issued by the manufacturer.

5. TRANSPORT AND DELIVERY

All goods sold are understood to be at the disposal of the customer in the warehouses of S&C in Cardedeu (Barcelona), the damage and losses which, if appropriate, could occur to goods from the time of delivery to the haulier being FOR THE ACCOUNT OF THE PURCHASER.

The carriage of the goods shall always be for the account and risk of the purchaser (carriage forward). Even if S&C hires the transport, and even if it refunds the customer all or part of this amount through sales discounts on the price of the goods, this does not under any circumstance represent an impairment or derogation of the preceding paragraphs, or the tacit or express acceptance of the account or of the risks arising from the transport.

If the transport agency desired by the customer is not explicitly notified, both if it is carriage paid and carriage forward, S&C will send the order with the products requested by the agency which seems most appropriate for the shipment.

General conditions of sale

6. SPECIAL PACKAGING

If special packaging (wood or other) is required, the corresponding cost shall be charged separately to the customer.

7. CLAIMS AND RETURNS

The customer shall be entitled to make a claim against S&C, due to a defect in the quantity or quality of the goods received, in accordance with the Spanish legislation in force.

Under no circumstances shall S&C be responsible for defects of the products or for injury caused to the customer or to third parties, when attributable to their installation or to their incorrect use.

In order to be able to present these claims, we have made available a direct telephone number (+34 938 619 100) and an e-mail address: aftersales@santacole.com.

In order to be able to attend to the incidents quickly, it is essential to indicate the invoice no. or the delivery note no. from which they originate.

For S&C to be able to collaborate on any claim that the customer wishes to make against the haulier due to incidents directly attributable to the transport, the customer should clearly indicate these incidents on the haulier's delivery note. If this is not done, S&C will not be able to collaborate on any claim against the haulier by the customer.

Product returns are not accepted, except with the express written consent of S&C. In this case, and if the material is received in perfect condition and with its original packaging, 15% of the net value of the product shall be charged as depreciation. If the material is not received in perfect condition and with its original packaging, S&C shall assess the damage to the product being returned and shall apply a higher depreciation adjusted to the condition of this material.

In any case, returns of personalized / special products are not allowed.

The transport cost for the return and corresponding to sending the replacement product shall always be for the account of the customer.

8. CONDITIONS OF PAYMENT

The payment of the total price of our goods must be made in cash by bank transfer to the account determined by S&C on its pro forma invoice.

In order to be able to take advantage of a delay in the payment it is necessary to be assigned a credit limit by S&C. Please contact our Commercial Department.

In the event of the sale of customized products, the minimum conditions of payment shall be 50% on confirmation of the order and the rest to be agreed by the two parties.

A delay in relation to the payment dates agreed leads to the automatic cancellation of the credit.

9. ON-LINE SHOP

For further information about sales conditions of our products through the on-line shop, please go to General Conditions of On-Line Sale to be found at www.santacole.com

10. OWNERSHIP OF THE PRODUCTS

The products will continue to be owned by S&C until payment has been made in full.

11. DEFENCE OF INTELLECTUAL PROPERTY

The designs of the products appearing in the catalogues of S&C, and these catalogues themselves, are protected by the national and international Laws and Treaties on Intellectual and Industrial Property. Any unauthorized use of them constitutes an infringement of the above-mentioned rules, and a crime which can be punished in accordance with penal laws.

Consequently, it is strictly forbidden to manufacture, fix, reproduce, translate, distribute, publicly communicate, place at the disposal of the public and/or totally or partially transform these designs and/or the catalogues, in addition to any other act of exploitation in relation to them, without the prior written permission of the owners of these rights.

S&C holds the ownership of the rights over its trademarks.

Their use is consequently totally forbidden, without the corresponding prior written permission of S&C. Non-fulfilment of this obligation and the consequent infringement of the trademark rights shall likewise entail a civil and, if appropriate, criminal prosecution of these infringements, in accordance with the national and international Laws and Treaties in force.

12. APPLICABLE LAW AND JURISDICTION

The sales are subject to Spanish commercial legislation.

Any matter giving rise to a lawsuit shall be submitted to the Courts and Tribunals of the city of Barcelona (Spain), with express renunciation by the parties of their own jurisdiction, if different.
