Design and comfort for open spaces

SANTA & COLE

Lamps and furniture that find their place outdoors, whether on porches, terraces or gardens. Looking for the greatest comfort in an outdoor environment, they are discreetly and elegantly integrated into each space, providing moments of comfort and deep thinking. Also indoors.

Made of water-resistant materials for outdoor use and batteries designed to keep you company in life outside, our collection is composed of iconic pieces and contemporary designs.

This year we present the outdoor versions of Cesta, an iconic design by Miguel Milá, and its wall version, Wally Cesta. Available in a range of new colour finishes and sizes suitable to meet the requirements of large and exterior spaces.
